What are WordCamps?

WordCamp is a WordPress conference organized by the local WordPress community.

This conference is also a gathering of plugin developers, bloggers, business companies, designers, SEOs, and other website enthusiasts to meet and learn from each other.

In the Philippines, there are WordCamps conferences happening yearly. Cebu had its first WordCamp in 2019. WordCamps are not just in the Philippines but across the globe and are hosted in over 48 countries.

WordCamp Cebu is motivated to organize these events that bring WordPress users into the community, striving to maintain a progressive WordPress community in Cebu.

Why should I become a sponsor?

WordCamps are events that are attended by designers, developers, bloggers, small business owners, entrepreneurs, educators, and students from throughout Cebu and across the country. It is a great opportunity for partnerships.

Our sponsors will get the chance to be promoted during WordCamp Cebu and Cebu WordPress Meetup online community with a growing population of more than 2,000 members across social media and get to expose their brands via booth exhibits, brochure, and swags distribution.

Help grow our community and be part of driving the event to a success, please read through our package below to see if there is a sponsorship package that is suitable for your organization.
